Let me at the outset, Wish you all, “A Very Happy Children’s Day.”

In the journey of life, we meet amazing people and I have been gifted with you my dear students. At this point in your life, you are more experienced and better prepared than ever before. As you step out of these portals of TCV Bylakuppe school, let yourself be open to the enormous opportunity that exist before you. Adopt self- confidence as a reasonable amount of confidence in one’s own power is necessary for success. Be consistent, focused and determined towards your goal. Work hard as your hard work will never go in vain. Adopt positive attitude towards learning as it helps better receptiveness of the brain.

I will remember you all, and pray you are not afraid to try, for you never know what you can do.

**Regards,**

**Dear Students,**

This piece of writing comes your way to WISH YOU ALL A VERY HAPPY CHILDREN'S DAY. The class of 2020 and 2021 holds a special place in almost everyone's heart. The Covid Pandemic and its Lockdown for months together have left us with no choice but to accept a new normal life. However, in the course of it we have all learnt many new and extraordinary lessons of life. It taught us to value our life more than ever. For the students and teachers, this pandemic struck a realization of how important it is to value our presence together in reality and not virtually! Hence, at this point; feel fortunate and blessed to be together once again in the class and beside each other on this special day of your life!

**STAY BLESSED, STAY HAPPY**

**Dear Children,**

Greetings to you all!

Taking this opportunity, I would like to wish each and every student in the school, A Very Happy Children's Day.

Unlike the past, this special day of yours couldn't be celebrated grandly for the reason very well known. Yet, we still hope that you will enjoy today with the special food being served.

Now that the First Term Examination is approaching near, we, the teachers and staff wish you All the Very Best.

Lastly, wish you all a HAPPY CHILDREN'S DAY again.

With much love,

**Passang Dolma (Mrs.)**

**Dear Children,**

**Wishing you all a very Happy Children's Day. This Wuhan Covid-19 pandemic has put us in lots of pain, yet with the blessing of H.H The Dalai Lama, we are safe and sound and we are glad to have you back in the school.**

**The school looks weird and deserted without Children. Your presence has illuminated our school. We are still missing our other children, hoping to see them next year. We are delighted that at least we have senior students attending physical classes and you can enjoy your school life for a couple of months.**

**Since you are going to graduate very soon, I'm afraid that I might not be able to recognise your beautiful face properly because we have been masked for almost 2 years. But you will be fondly remembered by your name and your batch. You proved very strong throughout the online classes and we together over came lots of challenges, since online mode of teaching was indeed new for us. You deserve the best in your life.**

**This school life will never ever come back in your life. So, learn maximum and enjoy up to the hilt.**

**It is rightly said "make hay while the sun shines"**

**Lots of Love,**

**Namgyal Tsokey (Mrs.) PGT Economics**

## **Dear Students!**

Today is Children's Day and here's wishing you a great day with fun and frolic! Well! Every year this day is celebrated across the country in order to cherish your life and time in school. This makes sense only when your education and character development is given the top most priority by each one of you. I can understand the stresses and anxiety of having to cope with the exams however if your effort and perseverance persists on a daily basis, nothing like it. As you pass each class, you should become better version of yourself. Most importantly, you should make the most of your school life through meaningful learning and experiences. Make this quote your mantra for life; You Are Your Own Saviour! HAVE A HAPPY & MEANINGFUL CHILDREN'S DAY!

**Regards**

## **My dear students of class 10 D,**

It is a joy for me to greet you today and to offer you a special message for Children's Day. I am very fortunate to have very special relations with you all. I would also accept or admit that sometimes I get upset and become strict with you all, but this is only to stop you from getting deviated and wander from your path. The school is the first step and foundation of the path of your success, so I want each and every one of you to get the greatest success in your life.

I would do for you all that my heart, my soul, and my body are capable of doing. I would share your burdens when you are down. I would laugh and rejoice with you when you have achieved. I have tried to teach you to learn from your mistakes and never give up. I have always tried to teach you to be happy, and to help others. I believe life is a series of ups and downs, it is like accepting responsibility. I don't want you to spend your life stressing over it, and stay as happy as you can be. Go each day with smile, laugh with others, and strive to make others happy. But mostly, strive to make yourself happy.

Grow each day as it comes and life will be easier for you. Believe in yourself to achieve your goals, decide to take

charge of your life and become independent. Be informed by studying hard and never miss a chance to learn something by grabbing the opportunity. This isn't just important for your own life and your own future. It also decides the future of our country. The future of Tibet depends on you. Your hard work in school today will determine whether Tibet's greatest challenges can be met in future.

Well you got to do something for yourself and the nation at large. I want you to be serious and put your best effort in everything you do. I hope and pray you will achieve great things from you. Don't let yourself down. Make us all proud!

It is true that experience is one of life's best teachers. But my dear students, if you don't study you will probably never get any experience in the first place. I have seen you struggle during this pandemic with lots of distractions but I believe that you will do very well and come out with flying colours.

Thank you so much for being my wonderful students.

**With so much love,**

**Tsering Dhondup (Mr.), Maths Teacher**

**WARM & HEARTFELT CHILDREN'S DAY TO ALL MY  
DEAR STUDENTS**

**HEAPS OF ROSES SOWED IN THE HUGE GARDEN WOULD  
SPROUT DIFFERENTLY DESPITE BEING PAINSTAKINGLY  
GUARDED. HAVING SAID MY THOUGHTS HERE, THERE  
ALWAYS IS VARIATION IN THE STUDENT'S ACADEMIC  
ACHIEVEMENT EVEN AFTER THE TEACHER PUTS IN A  
BOUNTIFUL AMOUNT OF HARD WORK TIRELESSLY. BUT  
WE NEVER JUDGE OUR STUDENTS ON ONE SIDE BECAUSE  
WE FIRMLY BELIEVE THAT YOU HAVE ENORMOUS  
UNIQUENESS & CAPABILITY WITHIN ALL OF YOU. SO WE  
LOVE & RESPECT YOU! YOU ALL ARE EQUAL TO OUR  
EYES BY RESPECTING THE ODDS WE ALL WEAR  
UNAVOIDABLY.**

**BEYOND THE SHADOW OF DOUBT, WE ARE INCESSANTLY  
THERE TO THROW LIGHT IN YOUR SCHOOL LIFE AS  
MUCH AS TO THE BEST OF OUR ABILITIES. I HAVE  
FAIRLY ENJOYED THE JOURNEY WITH YOU ALL SO FAR.  
MAY THE INNOCENCE IN YOUR SMILE AND PURITY OF  
YOUR HEARTS STAY FOREVER UNFADED.**

**WISHING YOU A JOYFUL CHILDREN'S DAY TO ALL MY  
DEAR STUDENTS.**
