Knowledge gives us  
power,  
love gives us  
fullness.

- Dr Sarvepalli Radhakrishnan

*"Those who  
educate children well  
are more to be honored than  
parents, for these only  
gave life, those  
the art of living well."*

*- Aristotle*

Tibetan Children's Village  
Bylakuppe

**Dear Readers**

The impact of your presence cannot suffice the words we speak. Through the years we have spent in school, you were always present guiding and evolving us in our journey. Your efforts together created us individually and beyond. So on this special occasion, we would like to convey our sincere gratitude to you all, our teachers and staff.

We are a part of the community you shaped, watering our roots, weeding out fears, extending our reach and caressing our nature. You introduced us to the logicalities of this world and familiarised us with our languages, histories, algorithm and systems. When our morality is concerned you took a strict approach to our behaviours and showed us the better way round. Yet our moments together is incomparable with what's taught inside the walk of our classroom. Our relation from that very first introduction, our joys of laughter, learning of happenings and the scolding of care taught us things the words cannot express. Your hurdles got us to the milestones we have overcome today and magnitude of your dedication and sincerity is apparent and amplified in the lives of many.

For every word you teach and every advice you give, the mist of barriers parted and horizons expanded. The immensity of your efforts and the reciprocal of our hard work, dedication and gratitude needs to be complemented and proportionate.

I, On behalf of all my editorials and students, I would like to send our heartiest thank you to all the teachers and staff. To the world you may be a teacher but to us you are a STAR.

*- Tenzin Kesang XII B Comm, EDITOR*

**Dr. Sarvepalli Radhakrishnan**  
**Former President of India**

In India, 5th Sept. is celebrated as Teachers' Day as a mark of tribute to the contribution made by teachers to the society. 5th September is the birth anniversary of a great teacher Dr. Sarvepalli Radhakrishnan, who was a staunch believer of education, and was a well-known diplomat, scholar, the President of India and above all, a teacher. When some of his students and friends approached him and requested him to allow them to celebrate his birthday, he said, "instead of celebrating my birthday separately, it would be my proud privilege, if 5th September is observed as Teachers' day". From then onwards, the 5th of

September has been observed as Teachers Day, in India.

In the year 1965, some of the prominent students of Late Dr S. Radhakrishnan organised a gathering to pay obeisance to that Great Teacher of repute. In that gathering, in his speech Dr Radhakrishnan expressed his deep reservation regarding his birth anniversary celebration, and emphasised that his birth anniversary should be celebrated as 'Teachers' Day', by paying homage to other Great Teachers of India and Bangladesh. Since the year 1967, 5th September is celebrated as Teachers' Day till date.

**HAPPY STAFF DAY**

*- Bhumo Tsering, 12 S (C)*

Every year, 5th September is celebrated as Teacher's day in India. The reason why we celebrate the day is because teachers play an important role in student's life. They are the backbone and a sole reason behind a student's success. Teachers and staff of my school are my second parents. The past two years we could not celebrate this special day due to the pandemic but this year we want the day to be celebrated in a very special way.

In this essay I want to share my journey and experience in this school which I think is only possible with the help of sincere and dedicate staff and teachers. I lived in this school for 14 years. 2009 marked the year I joined this school I came with nothing but an empty mind. I knew nothing. I even didn't know how to speak Tibetan properly. Later with the help of my home mother and my teachers I learnt to read, write and speak well like the other students. Today I am independent and do everything of my own without any hesitation and this year my journey in this school ends as I am in the last year of my

schooling.

Therefore, I want to say all my teachers and staff that I am very thankful to each one of you and never in my life will I forget your kind deeds. Thank you so much for guiding me through every step of my life.

I wish you all a very happy staff day.

**TO EVERY STAFF****MEMBER, WE LOVE YOU**

*- Sonam Angmo 12 B (C)*

I consider my school as a second home as I grew up in a boarding school from class 1 till now. Sometimes I think my teachers and home mother know me better than my parents since I spend only two months holiday at home with my parents. I was barely 7 years old when my parents admitted me to TCV School. The initial years were difficult but as days went by I found a new family. My teachers and home mother were like my parents and my school friends were my siblings. I felt grateful to be in such school. I really found a change in myself as I grew up. I learnt to be responsible, helpful and cooperative with my friends and

others.

There is a saying that school is a temple and teachers are the God and indeed so, to me teachers are my real God. They have been patient, understanding and they always made sure to let me grow into a wonderful human being. I am forever indebted to you all.

Thank you and we love you all!

**A SPECIAL & HAPPY STAFF DAY**

*- Tsewang Choedon, 12 P (C)*

To all the staff who have been working tirelessly, I want to thank them from my deepest heart. We might have created many troubles for you but we are truly sorry for our mischievous deeds.

Because of you we have got to learn many new things and learnt great lessons of life which would make us stronger and better in every sense for our future. You taught us what we didn't know. We do not get to show our gratitude often but grabbing this opportunity, on behalf of all the students I would like to thank all the teaching and non-teaching staff of our school for their excellent work till now.

I once again wish you all a very special staff day. May you live a prosperous life in future. I hope our students would not cause more trouble in the coming days.

**FEELING GRATEFUL**

*- Tenzin Dekyong Sherpa 11 B Sc.*

The word 'gratefulness' refers to being thankful and blessed. Today, I would like to take the best opportunity to express my gratefulness towards my staff members who have been working with full of dedication and sincerity. There are several reasons why I feel grateful towards my staff members. After all they are the ones who work hard to run the school. Apart from running the school they also guide me, advise me and support me at each and every step.

Staff members of TCV school work much more than any other schools. They deserve more respect for everything they have been doing. They take care of each and every needy student. They inspire many of us to do better in life and be like them to give back to the community. They never fail to amaze us with their vast knowledge and experience. They have left a remarkable impression in

each of our lives. Their will power means everything to us. We feel blessed to have such patient, tolerant and cooperative staff in our school. We owe countless things to you all.

### **BEING A TEACHER IS NOT EASY**

*- Nyanphel Gyatso, 11 P Sc.*

In this competitive world, all the people are busy in their own profession, their work, career and so on. It's only the teachers and the staff at school who take the responsibility to teach us how to behave, how to talk and eat, how to respect others and be a responsible person.

Being a teacher or staff especially in a school is not an easy task as we think. It takes guts to be a teacher. Because of our teachers we can be what we want to become in life and I am lucky to learn in TCV school under the wonderful and kind hearted teachers. They motivate me when I feel demotivated. The students make them angry sometimes but they control it as if nothing happened. so, it is not easy to be a teacher. Teachers are the

second parents. I would like to appreciate all the teachers and staff for being a wonderful guide to us. Thank You

### **TEACHERS ARE NATION BUILDERS**

*- Pasang Dolma, 11 D (C)*

It gives me immense pleasure to write few lines of dedication to my teachers on the Staff Day. Like a saying goes, 'A house without books is like a body without bones' likewise, 'a nation without good teachers is like a man without soul'. The basic and fundamental need of every individual is education and good teachers like you can only provide this basic needs. A nation must be ruled by good and efficient leaders and it is the teachers who produce good leaders. Hence, teachers are the nation builders because they shape the future leaders at school. Without teachers there won't be doctors to cure the patients and so on. Because of good teachers like you we don't face much problems regarding medical treatment. Therefore, teachers play a very important role in our society.

student's life. They look after us with love and compassion. Sometimes they are cold with us but deep down, they are giving their 100% to change us, to make us a better person by correcting our mistakes.

With only 2 months of joining TCV Bylakuppe, I have learned so many productive things from my teachers who work day and night just to make me a strong and greater human to lead my own life.

I want to thank you all for being the light of my life and giving me the opportunity to learn new lessons each passing day. It has been a beautiful journey so far in this new school.

I once again thank you all for giving me the protection that I needed and showering me with all your knowledge and care not just to me but to all the students in this school.

### **GOD OF KNOWLEDGE - HAPPY STAFF DAY**

*- Ngodup Gyamtso, X S*

We are celebrating this day to thank all our teachers and staff for what we have learned from them. It is a day to promise that we will be a good student and that we will keep up a

I personally feel so lucky and fortunate to be blessed with such talented teachers and staff members who provide me immense knowledge and perfect lessons. They have always saved me from falling in the wrong path. Thank you so much for your faithful dedication to all the students here, for all your sacrifices, facing each and every strange behaviour of students. I want to stop by wishing you all a very Happy Staff Day. May you gain lots of good fortune, peace and meaningful life. I wish and hope that you will enjoy this day with full of smiles on your faces.

### **THANKING MY TEACHERS**

*- Nangsel Choekyi, 11 B (C)*

Life is a long journey where we meet different people to guide us and to lead us in reaching our destination. Teachers are one of them who guide us to the bright and futuristic journey of our life. I am here to thank all the teachers in the universe for guiding the students like me and showering your knowledge and wisdom to us.

Teachers are the second parents of

good relationship with our teachers and staff. A day to create happy memories and a day to never forget in future. Staff day doesn't mean we have to dance, write letters or offer present or gifts to them. It is a day to express our feelings for how much our teachers and staff have worked for us. To work for the future seeds of Tibet. Since teachers are God of knowledge, we must thank them every day for teaching a new lesson of life.

### **MY INSPIRATION**

#### ***Tenzin Dechen, IX S***

To me, teachers are like the roots of my success. They gave me hope to study harder. Most of the students have their favourite teachers and favourite subjects and like them even I have my favourite teachers. I have not just one but two teachers who teach me Math and Tibetan subjects. They are Gen Tsering Dhondup la and Gen Tenzin Tsewang la. They are the reason why I want to study hard. Gen Tsering Dhondup la, my math teacher is one of the best teachers. His teaching techniques are awesome. I am weak in understanding Math lessons but

due to his teaching techniques, I have now become an average student in the class. He always gives his students advices like our parents. One nice thing about him is that he tells his students to think of him as their father. This makes me love him more.

Gen Tenzin Tsewang la teaches Tibetan language to me. When it was hard for me to understand his lessons, he helped me a lot. I am very thankful to him. He is always nice to me and whenever I don't feel like studying Tibetan I think of how Gen la works hard for us to teach his lessons. Even though he doesn't teach our class, he is still the best Tibetan teacher to me. I have also other good teachers in my life and I thank them all for helping me to grow into a better human being.

### **TEACHER 'S DAY**

#### ***- Tsering Reema VIII D***

'TEACHER'S DAY' is a very special occasion for every teacher and student. It is celebrated in all the schools in India on 5th September every year to pay respect to the teachers. It is celebrated on 5th September to mark the birth

anniversary of a great teacher and the second president of India Dr. Sarvepalli Radha Krishnan. On this day, the students present their warm wishes and perform songs and dances for the teachers. It is a special day for the celebration of beautiful relationship between teachers and students. So the students should meet their teachers and send greetings and messages to make their day memorable.

*A special teacher has a special place*

*in every child's heart*

*Because you taught us*

*Inspired us, guided us*

*Educated us and pushed us*

*To do our best.*

*A teacher is like*

*A gift from God*

*For the students*

*To me every teacher*

*Deserves to call that*

*You are the best*

*You are the one*

*You make the school*

*Feel like my sweet home*

**THANK YOU & LOVE YOU**

**ALWAYS**

### **HAPPY TEACHER 'S DAY**

#### ***- Tenzin Wangmo, VIII S***

Good morning everyone. It's me your student Tenzin Wangmo from class VIII S. We all know today is a very special day and on this special day I wish every handsome and pretty teachers out there a very Happy teachers Day. I am so grateful to be around supportive and nice teachers. We, all the students know how hard it is to be teachers and therefore we appreciate you all for dealing with all our weirdness and naughtiness. Teachers and student's relationship is like best friends. We disagree a lot but we never leave each other. I learnt all greetings and good manners from my teachers. Lastly I want to say Thank you to all my teachers and giving me a lot of knowledge. I am always happy to be your students.

**HAPPY TEACHER'S DAY TO ALL MY TEACHERS**

### **TEACHERS ARE SPECIAL**

#### **BLESSINGS**

#### ***- Karma Pema, VII D***

Teachers are special blessings from God to the students. They are the

ones who give us education and this is a day to honour our teachers for their valuable work. Teachers hold the actual knowledge and compassion for their students. There are lots of reasons to be thankful to the teachers- their support, their kindness, their ability to teach well and of course their dedication. Teachers are respected and honoured for their important contribution in shaping student's life. I would like to express my gratitude to all my teachers for always bestowing me with good knowledge, moral values and discipline. I hope all the teachers live long and happy life. HAPPY TEACHER'S DAY

### WHEN GOD CREATED TEACHERS

**Tenzin Lhaton, XII S Sci**

*When God created Teachers  
He gave us true friends  
To help us understand this chaotic world  
And truly comprehend  
The beauty and wonder we see  
  
With strong determination*

*You taught me  
Putting me to test  
and encouraging my efforts  
as you make me do my best  
  
Some lessons were a challenge  
But you taught me how to cope  
Every day I grew in confidence  
Realizing my ability and ambition*

*Thank you for all  
That you do  
Your hard work will  
Never go unnoticed*

### HAPPY STAFF DAY

**- Tenzin Choden, XII D Sci**

*As a student, Future is something that  
I work for and set goals for success  
To me, teachers are someone  
Who let me dream big and develop clear vision  
Not only to achieve my goals but also to challenge  
All the obstacles Life throws at me.*

*The hardship that my teachers put in,  
Couldn't be expressed in just few*

*lines.  
They contribute a lot for the society.  
The future of the country depends on them.  
Teachers make the future seeds capable  
Of doing many things.*

*Teaching profession is very significant  
It is an admirable profession  
Which works in enhancing students'  
Intelligence and broadening their knowledge  
And letting them chase their dreams  
And succeed in life*

*I acknowledge all the teachers  
For being the ray of hope in darkness.  
For being our inspiration  
And on this special day, I thank you and  
Wish you all a very Happy staff day*

### GRATITUDE

**- Tenzin Pema A, XII B Sci**

*A year passed and a month gone,  
A week gone, here we are celebrating*

*The most auspicious day in our school  
The occasion that students in the school  
Cherish to the fullest.  
  
This day is dedicated to show gratitude  
To the teachers for their sincere service  
To the nation.  
Teachers are the ones who work  
Like a second parents.  
They are someone who shape me to be  
A real human being  
They just don't enrich my knowledge  
But also guide me to handle  
All the challenges*

*Therefore, I am forever indebted  
To my teacher's kindness  
I owe you a lot  
I may never repay you  
Which is why through  
This opportunity I want to thank  
Each of my teacher for your  
Kind service*

*Once again "Happy Staff day".*

**THE OASIS OF HOPE****- Lhumtso Choedon, 12 D (C)**

I'm happy that you are my teacher,  
I enjoy each lesson you teach  
As my role model you inspire me  
To dream, to persevere and to succeed

With your kindness you get my  
attention

By planting a seed  
Of curiosity and motivation  
To shoot and grow in life

You took time to show me  
Lessons hard to comprehend  
For all the things you taught  
I can't thank you enough

You motivated me to develop  
A love of knowledge & truth  
Which will forever be used  
For the benefit of all the sentient  
beings

With each lesson you teach  
And with each smile you lengthened  
You took me a step closer  
To reach the goal of my life

Forever, I will keep your memory  
Stored deep inside my heart  
Forever, I will remember  
Just how you played a part

You helped me dream  
You gave me hope  
You taught me so  
To give me strength

So I can see a future that  
belongs to me, a future that  
Looks really bright  
Thanks for showing me the light.

Please never forget,  
And remember it's true  
What we all need  
Great teachers like you!

**THANK YOU****- Tenzin Namdol, XI D Sc.****HAPPY**

**S**tudents of TCV School, Bylakuppe  
**T**oday thank deeply from the bottom  
of their heart to  
**A**ll the staff members  
**F**or teaching us and

**F**or guiding us in the right direction  
of our lives.

**DAY**

The only word that you all deserve  
the most is 'THANK YOU'. You let  
us dream the impossible and give new  
hopes each day for what we want to  
become in future. We are infinitely  
thankful for all your work and  
advices. Enjoy your day and forget  
all the tensions today.

**GRATITUDE****- Dechen Wangmo, XI S Sc.**

I was a seed ready to grow,  
Planted in a garden to bloom  
Don't know how  
But still with a determined soul  
I found my ray of light  
That ray of hope  
So, bright, even in the midst  
I found my bliss  
The ray I meant is my  
Teacher, whom I admire  
Cause even in the storm  
My teacher keeps my dream glow  
Keeping me excited to learn  
something

New with each passing day in my  
school.

The day you came in my class  
With your eyes full of determination,  
I felt a spark in the heart  
called motivation.

Since that day, you always  
Bring happiness in the class  
Which once tasted can  
Never be forgotten.

I had come so far  
Now in eleven, soon to graduate.  
With that in mind

I would like to show  
My gratitude to you all  
Through this poem.

**MY BACKBONE****- Jigme Khedup XI S Comm**

In this messy and dark world  
I met an enlightened tree  
That showed me the right path  
And fed me rightly when I am hungry

Whenever I face a problem  
Your kind face & thought come  
In my mind instantly  
I'll never forget you

*You built my way to success  
 You tolerated my childishness  
 You supported my weaknesses  
 You were always there for me*

*Karma brought us together  
 Our common language brought  
 Us together in one community  
 Hope to keep up this relationship  
 forever.*

*Thank you for your kindness  
 Thank you for your love & care  
 Thank you for your sacrifice  
 You are my backbone.  
 WISHING YOU A HAPPY  
 STAFF DAY*

### **GLAD THAT YOU ARE MY TEACHER**

**- Tenzin Kunsang, XD**

*I am so glad that you are my teacher  
 You are the one in a million  
 When it comes to teaching  
 You are the best.....*

*I am so glad that you are my teacher  
 I came here to learn something but  
 I can't believe what I got from you*

*Not just knowledge from the  
 textbook  
 But also lots of love and care  
 Remember, all the fun we had  
 But the most important of all  
 Remember that I was your student.  
 You are one who appreciated me  
 Whenever I tried anything new to  
 learn.  
 It is not enough to write down  
 How much important  
 You are to me  
 Thank you for everything.*

### **IT'S ALL ABOUT TEACHING THE CHILD**

**- Tenzin Yangkee IX D**

*It all started with the alphabet  
 where even the vowels were hard to  
 write  
 we used to stuck up at adding all the  
 numbers  
 and the multiplications were too  
 high*

*So, we need a special person  
 to teach us in the class  
 to just keep their attention*

### **5th Sept 2022- HAPPY TEACHER'S DAY**

**- Tenzin Dawa, VII S**

*Today, on 5th Sept 2022, I Tenzin  
 Dawa, a student of class VII S would  
 like to thank all the teachers in the  
 world. So I begin with a sweet poem*

*Teachers,  
 You are the one who taught me all  
 You are the one who looked after me  
 You are the one who loved and cared  
 me,  
 Kind to me and sometimes angry*

*Teachers,  
 You treated me like your own child  
 You are like my parents.  
 You showed me to be ambitious  
 To make my future bright*

*Teachers,  
 I was like a gold covered with mud &  
 dirt  
 You cleared both mud & dirt  
 Now I am pure gold but  
 I still need your care and guidance  
 May all my teachers live forever!*

*in a world that moves so fast*

*You are a really special person  
 You always give your best  
 And for every child in the class  
 Their life is truly blessed*

*My teacher's goal isn't just  
 to teach me new lessons  
 It's filling my empty paper  
 With tons of colours*

*To inspire and to motivate  
 So that I can learn and grow  
 To go into this big wide world  
 That's many ups and lows*

*All because a hero is there  
 In the heart of my teachers  
 Who cared, enabling me  
 To become much more than*

*I ever imagined or dared  
 A teacher with a heart  
 For her children knows  
 What teaching is all about.*
